ABOUT ME

I transform startups into cash-printing businesses, growth consult for brands and help them use the internet to skyrocket profits and their overall bottom lines.

In 2012 (at age 19) I switched from running Discovery Android to founding an award-winning digital media company, CrazyHeads. In 3 years, CrazyHeads helped over 100+ clients over the world blow up their businesses using the internet.

I build courses on Growth Hacking, and how to transform Instagram, Facebook chatbots and LinkedIn into gigantic growth tools. Currently a marketing manager at Uber.
